

EPDA Online Conference (30th June 2021)

Manufacturer Showcase Information

If you opt to be included in the online Manufacturer showcase you have the following options:

Virtual stand - £100

This is a virtual space within the event that enables you to market your company and products. This is where delegates can come to find out more about you, request meetings and download documents.

You are able to provide a variety of content and we would recommend maximising this opportunity by uploading a variety to make the page more visually interesting. Possibilities include:

- **Spotlight Banner** - Image - 1036x320 px **or** Video - Youtube or Vimeo link
- **Company Name** (Character Limit - 150)
- **Company Logo** (300x300px) PNG/JPG
- **Company Profile** (Character Limit - 1000)
- **Contact Info** (Email, Mobile No. & Address)
- **Social Media Links**
- **Brochure** (You can upload multiple ppt or pdf documents with a maximum size of 5 MB)
- **Product Images** (512x512px Max 10) - PNG/JPG these can include a short description and link to a web page.
- **Video Links** (Youtube or Vimeo video link Max 10)
- **People Section** (if multiple delegates from your company are registered for the conference, they can be added to your company staff member list - Max 10)

Virtual Table - £50

A place where people can join you for discussion, the table will be branded with your logo and you can invite groups of people to join you there. A table can hold a maximum of 16 people. Please note that tables are not private and any delegate at the conference will be able to join your table at any time.

Private Presentation Room - £50 per hour

A virtual room suitable for presentations. The room will only be available for specific delegates that you choose to invite and will only be available for one hour during the conference.

Please see two examples below of what your Manufacturer Stand area can look like:

About us

Intel Corporation (also known as Intel, stylized as intel) is an American multinational corporation and technology company headquartered in Santa Clara, California, in the Silicon Valley. It is the world's second largest and second highest valued semiconductor chip makers based on revenue after being overtaken by Samsung, and is the inventor of the x86 series of microprocessors, the processors found in most personal computers (PCs). Intel supplies processors for computer system manufacturers such as Apple, Lenovo, HP, and Dell. Intel also manufactures motherboard chipsets, network interface controllers and integrated circuits, flash memory, graphics chips, embedded processors and other devices related to communications and computing.

هي شركة أمريكية متعددة الجنسيات وشركة تكنولوجيا (Intel) كما هي ، Intel (المعروفة أيضًا باسم) Intel Corporation شركة مقرها في سانتا كلارا ، كاليفورنيا ، في سيليكون فالي. وهي ثاني أكبر صانعي شرائح أشباه الموصلات في العالم وثاني أكبرها ١
